Fall Scooter Package - \$565

The morning air is starting to have a chill. It's a great time to spend some quality time outdoors scooting with your dog! You will both get some great exercise and scooting is a fantastic way to bond with your best friend.

Our package includes everything you need to get started: the silver disc break scooter, a bungee line and a harness.

This scooter features a brushbow attachment. The brushbow is affixed directly to the frame and helps keep the bungee line away from the wheel. It doesn't move when you turn the wheel. The brushbow and the wheels are quick release for easier transportation.

The gangline is 1/4 polypropylene rope with integrated bungee. This line accommodates one or two dogs.

The included harness has polar fleece padding around the neck, chest and most of the sides. They come in red, black and yellow.
